"Crime Awareness" is an integral component of "crime prevention." Knowledge that crimes occur encourages communities to actively participate in crime prevention efforts (e.g., locking doors, not walking alone, reporting suspicious activity to police) and, therefore, creates a safer environment. Lack of information invites complacency. The following message was approved for campus-wide distribution by the Department of Police Services Chief/Director Gary J. Margolis to alert you to an incident, to promote safety on campus and, in part, to comply with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1990.
